CONNECTIONS

News from the Illinois Department of Veterans' Affairs ★ Volume 3, Issue 8 ★ November 2023

★ Message from IDVA Director Terry Prince

November was an exciting time for IDVA as we honored veterans throughout the month with events, programs, and parades. Team IDVA spread across the state to share its gratitude and show veterans that we are here to serve them. At the tip of the spear, you will find our Veteran Service Officers (VSOs). They help veterans and their families get the benefits that are available to them and work tirelessly on your behalf, especially with the United States Department of Veterans Affairs for compensation and pension. VSOs are veterans--and licensed professionals--who offer these services FREE OF CHARGE. You should never pay someone to do what our VSOs do. They

are state employees committed to helping you thrive in Illinois. To locate your closest VSO, [follow this link](#) or simply call us at 1-800-437-9824

To honor the passing of former First Lady Rosalynn Carter, I would like to recognize her important work for our largest group of employees, the caregivers. In her words, "There are four kinds of people in this world: those who have been caregivers, those who are currently caregivers, those who will be caregivers, and those who will need caregivers." In the veteran space, caregiving is central to those who may have experienced significant illness or injury. At IDVA, we have five Veterans Homes providing caregiving services to our most vulnerable population, elderly veterans living in the Veterans' Homes. As part of her dedication to caregiving, Mrs. Carter established the Rosalynn Carter Center for Caregiving. She designed a program specifically for the military, Operation Family Caregiver (OFC). It provides one-on-one coaching for families and friends providing care for post 9/11 service members and veterans. You can learn more about this [program here](#).

As we approach December, we would like to invite you to participate in Operation Rising Spirit, a letter-writing campaign of holiday wishes for the veterans in IDVA's five residential homes in Anna, Chicago, LaSalle, Manteno, and Quincy. Last year, we received over 5,000 cards to send to veterans in the homes. These notes brought a smile to their faces and holiday cheer into the homes. You can send the notes to:

Operation Rising Spirit
Illinois Department of Veterans' Affairs
833 South Spring Street
Springfield, IL 62704

Or visit our website to send an [electronic note](#).

You can even share this [short message](#) about the campaign.

Finally, while December is typically one of the most joyful times of the year, please consider all those in your world who may be struggling with loneliness, depression, or loss. I think about those who are deployed far from home and the families who have lost a loved one over the past year. Simple gestures such as a phone call, visit, or invitation, can lift the spirits of someone who would benefit from holiday cheer.

Wishing you and yours a blessed Holiday Season.

Sincerely, **Terry Prince**, IDVA Director

Melissa Beckford, Northern Region Supervisor, shares her story as a service member and veteran at the Veterans Town Hall on October 25th at the Pritzker Military Museum and Library. The Town Hall was an opportunity for veterans to publicly share their stories and for listeners to hear and learn more about what military service means and its lasting impact on those who serve. Founded by Sebastian Junger, author of "TRIBE: On Homecoming and Belonging, and Seth Moulton, the first Veterans Town Hall was held in Massachusetts on Veterans Day in 2015. Since then, dozens of town hall events have been held across the country. The town halls are community forums aimed at establishing greater understanding between local veterans and the friends and neighbors they served. The Chicago Veterans Town Hall was hosted by IDVA, Edelman, Chicago Veterans, Pritzker Military Museum and Library, and Pepsi-Co. Following the Veterans Town Hall, a resource fair was held for veterans to learn more about the programs and services available to them.

Fall Veto Session

The Illinois General Assembly's fall veto session was held October 24-26 and November 7-9. in Springfield, IL. [HB 2507](#), the property tax omnibus bill that contained changes to the Homestead Exemption for Veterans with Disabilities, was vetoed in August. The veto was due to a property tax provision related to nursing homes. It was not the result of changes to the Homestead Exemption for Veterans with Disabilities. Despite this, the amendatory veto prevented the entire bill from becoming law. Therefore, HB 2507, the property tax omnibus bill containing changes to the Homestead Exemption for Veterans with Disabilities, needed to be addressed during the fall veto session.

Instead of addressing the amendatory veto directly, legislators decided to take most of the legislative language from HB 2507 and place it on an amendment to SB 2315. As a result, [SB 2315](#) became the new bill containing changes to the Homestead Exemption for Veterans with Disabilities. The veterans language in SB 2315 is identical to the veterans language that was in HB 2507, and the summary is as follows:

SB 2315 is the Property Tax Omnibus bill. SB 2315 makes four major changes to the Homestead Exemption for Veterans with Disabilities section of the Property Tax Code. First, it changes the name of the "Homestead Exemption for Veterans with Disabilities" to the "Homestead Exemption for Veterans with Disabilities and Veterans of WWII", creating a property tax exemption for all WWII veterans, regardless of their disability ratings. Second, it provides that for taxable year 2024 and thereafter, for veterans that are rated 70% or higher, "the first \$250,000 in equalized assessed value of the property is exempt from taxation", regardless of the value of the property. Previously, the overall value of the property was taken into consideration. Third, it provides that for taxable year 2024 and there-

after, the definition of "veteran" no longer requires an "honorable discharge." Rather, the veteran must have a service-connected disability for which the veteran receives disability compensation. Fourth, it specifies that the Act cannot be used as the basis for a property tax appeal for previous tax years. The bill has an immediate effective date; however, many of the provisions do not take effect until taxable year 2024.

Here is an overview of the evolution of this bill:

11/8/23: [House Floor Amendment \(HFA\) 1](#) to SB 2315 was filed and referred to Rules Committee.

11/9/23: HFA 1 to SB 2315 was referred to Executive Committee.

HFA 1 to SB 2315 was heard in Executive Committee.

HFA 1 to SB 2315 was adopted, and the bill was debated on the House Floor. SB 2315 as amended passed out of the House with a [103-0-1 vote](#).

SB 2315 as amended was sent to the Senate where it was placed on the Calendar Order of Concurrence-House Amendment(s) 1.

The Senate still needs to concur with the House's amendment and pass the bill as amended out of their chamber. Then, the Governor will need to sign the bill. A few steps remain before this bill can become a law, and the General Assembly will not reconvene until 1/16/24.

For now, this is IDVA's update on the proposed changes to the Homestead Exemption for Veterans with Disabilities. If you are interested, please keep reading Veterans Connections for future updates on this effort.

Our mission at the IDVA is very simple. To serve those who have served. In doing so, we serve not only the men and women who have worn the uniform, but also their families. It is our privilege to be able to help our veterans receive the benefits they have earned through service to our nation. Our goal is to empower our veterans and their families to thrive in all aspects of their lives.

We know there are many veterans within our great state who do not require any assistance – but we still want to encourage you to “Stand Up and Be Counted!” by registering with your local VSO.
